GitHub: github.com/JEWoolAFAVOUR

Address: Ogbomosho, Oyo State, Nigeria.

SUMMARY:

Dedicated and highly skilled Front-end Developer with a proven track record of success in software development, backed by 2 years of hands-on experience. Specialized in creating polished and responsive Mobile Applications using React Native. Committed to delivering high-quality solutions that seamlessly blend functionality with a compelling user experience.

SKILLS:

- Programming Languages: React Native, React, TypeScript, JavaScript
- State Management: Redux, Redux Toolkit, TanStack
- Version Control: GIT (Version Control System)
- APIs: RESTful APIs, FastAPIs, GraphQL
- Other APIs: Google Map API, Firebase Authentication API, Signal API
- Mobile App Development: React Native, Expo
- Database: Firebase (Realtime Database, Firestore), MongoDB
- Website Development: HTML5, CSS3, JavaScript
- Communication and Collaboration Tools: GitHub
- App Deployment: Google Play Store and Apple Store (Uploading and managing app release)

PROFESSIONAL EXPERIENCE:

Cephas Digital Technology

Mobile App Developer

March'2022 – Present

- **App Development Expertise:** Spearheaded the design and maintenance of various mobile applications utilizing React Native.
- **Training and Workshops:** Conducted workshops and training sessions for professionals and students, emphasizing Mobile app development techniques.
- **Tailored Training Programs:** Developed customized training programs to address specific skill requirements and learning objectives in Mobile App Development.
- **Interactive Learning Approach:** Delivered engaging sessions with real-world examples and practical exercises to enhance understanding and application of React Native concepts.
- **Stayed Current:** Stayed abreast of the latest trends and advancements in Mobile app development, incorporating industry best practices into training materials.
- **Client Collaboration:** Collaborated with clients to understand their needs, contributing to the design and development of tailored Mobile App solutions

Compellers Digital

Freelance Mobile App Developer

September'2023 –November'2023

- **Client Collaboration:** Worked closely with a client to conceptualize and understand their requirements for a mobile application.
- **Development Expertise:** Utilized React Native to design and develop a feature-rich mobile app, ensuring a seamless and user-friendly experience.
- **Play Store Deployment:** Successfully managed the end-to-end process of uploading the app to the Google Play Store, including the necessary optimizations and configurations.
- **Quality Assurance:** Implemented rigorous testing procedures to guarantee the app's functionality, performance, and security met high standards.
- **Client Satisfaction:** Maintained open communication channels with the client, incorporating feedback and ensuring the final product aligned with their vision.

Versecog Farm Enterprise

Freelance Mobile App Developer

November'2023 –December'2023

- **Client Collaboration:** Worked closely with a freelance client to understand their project requirements and coding needs for a mobile application.
- **Coding Expertise:** Took an active role in coding a substantial portion of the application screens, ensuring alignment with the client's vision and functional requirements.
- **Technology Utilized:** Utilized React Native to implement the client's design concepts into fully functional and responsive screens.
- **Iterative Development:** Engaged in an iterative coding process, incorporating client feedback to refine and enhance the functionality of the coded screens.
- **Collaborative Problem Solving:** Collaborated with the client to address challenges, proposing effective solutions and ensuring a smooth coding process.
- **Client Satisfaction:** Attained high levels of client satisfaction by delivering coded screens that met both the design aesthetics and functional objectives.

Ladoke Akintola University of Technology Ogbomosho (LAUTECH)

Mobile App Developer

June'2023 –November'2023

- **Project Initiation:** Initiated and actively contributed to the development of LauHub, a comprehensive project aimed at providing valuable resources to students within LauTech University.
- **Mobile App Development:** Leveraged React Native to create a mobile application as part of the LauHub project, ensuring cross-platform compatibility and optimal user experience.
- **Resource Access Platform:** Engineered a platform within LauHub to grant students access to free CBTs and past questions, enhancing their academic preparation.
- **Play Store Deployment:** Successfully deployed LauHub to the Google Play Store, making it accessible to the university community and beyond.
- **User Feedback Integration:** Actively collected and incorporated user feedback, ensuring continuous improvement and alignment with the evolving needs of LauTech students.

PROJECTS:

1. HonourWorld: A client project at Cephas ICT Hub offering VTU services with 10k+ downloads. -
https://play.google.com/store/apps/details?id=com.ng.honourworld&pcampaignid=web_share
2. Africart: E-commerce app for seamless product access -
https://play.google.com/store/apps/details?id=com.africartzng.com&pcampaignid=web_share
3. Screen Class: Educational app for quizzes and classroom learning with 5k+ downloads. -
https://play.google.com/store/apps/details?id=com.screenclass&pcampaignid=web_share
4. Suru: Food ordering app. -
https://play.google.com/store/apps/details?id=com.compellersdigitals.suruts&pcampaignid=web_share
5. LauHub: University app for academic resources and features. -
https://play.google.com/store/apps/details?id=com.lauhub&pcampaignid=web_share
6. Skill Remit: Freelancer-focused app for Ghana and Nigeria.
7. LoanLink: Developed during a hackathon for quick loan access.
8. Skoolsel: An Ecommerce App for students in FUTO university.

EDUCATION:

Ladoke Akintola University of Technology Ogbomosho (LAUTECH) **2021 - 2025**

- Bachelor of Science in Computer Science.
- Second Class Upper Division (3.70/5.0 CGPA).
- Relevant courses: Data Structures and Algorithms, Database Systems, Artificial Intelligence, Machine Learning, Data Mining, Software Engineering, Operating Systems, Computer Networks.

Bright Light International College (BLIC) **2012 - 2018**

- West African Senior Secondary School Leaving Certificate (WASSCE).
- Assistant Senior Prefect.

CERTIFICATION:

1. Mobile App Development | Cephas Digital Technology (2022)

- Completed a comprehensive mobile app development certification program at Cephas Digital Technology.
- Developed proficiency in React Native and other relevant technologies for creating mobile applications.

2. JavaScript | Cephas Digital Technology | FreeCodeCamp

- Completed an introductory and advanced JavaScript certification, gaining a strong foundation in the language.
- Acquired skills in DOM manipulation, asynchronous programming, and other advanced JavaScript concepts.

3. Soft Skills | JobberMan Nigeria

- Participated in a Soft Skills certification program through JobberMan Nigeria.
- Developed essential interpersonal and communication skills crucial for professional success.

LEADERSHIP EXPERIENCE:

1. President, LauHub Students Club 2023

- Served as the President of the LauHub Students Club, overseeing club activities and initiatives.

2. Assistant Senior, BLIC 2018

- Held the position of Assistant Senior at BLIC, contributing to the school's goals and responsibilities.

VOLUNTEERING:

Volunteer for Teaching Mobile App Development at Zoe High School 2023

Volunteer for GDSC (Google Developer Students Club) 2023

Volunteer for Bootcamp at Cephas ICT HUB 2022

PROFESSIONAL MEMBERSHIP:

- React Native Developers Forum
- Flutter Developers Forum
- Google Developer Students Club LauTech (GDSC)
- Microsoft Learn Student Ambassadors (MLSA)
- Data Scientist Network (DSN)

PERSONAL INFORMATION:

- Interests: Technology Trends, Continuous Learning, Travelling, E-games, Internet Surfing
- Languages: English, Yoruba, French
- DOB: 28-11-2002
- Marital Status: Single
- Religion: Christianity
